

SAHETI SCHOOL

THERAPEUTIC INTERVENTIONS

In order to ensure your child receives the assistance he/she may require in order to cope academically and socially at SAHETI, we require full documentation of previous therapies your child may have attended (e.g Occupational, Speech, Language and Remedial therapy) as well as reports from professionals consulted (Optometrists, Neurologists and Psychologists).

Should any of these be misplaced, further assessment by a similar trained Professional may be required.

Parent's Signature

Date

In the FET (Grade 10-12) certain of our children may be eligible for concessions should they have a history of intervention/support.

Please indicate who may have previously been consulted:

Occupational Therapist

Speech and Language Therapist

Psychologist – Counselling

Psychologist – Assessment

Neurologist

Optometrist

Remedial Support

Physiotherapist

Other – please specify
